Ásgarður

Ásgarður was established in 1993 as a sheltered working place. At the moment there are 30 people with a learning disability working together with 7 instructors. Ásgarður is a working place that wants to emphasize on the human aspect of working. Therefore they adapt the production to the possibilities of every individual, to help them working with ideas and tools, taking part in the creative process from design to end product.

Ás styrktarfélag – work and activity

Ás is a non-profit organization and one of the leading companies in services to people with disabilities in Iceland. The company is a mutual benefit organization and has, through the years, established various types of service. Long term residence, daycare for children and work-related offers for adults, helping people to find jobs at the labour market and finding ways to make it easier to keep their own home is few of our many concerns.
